

MILANO G ISLAND MILANO S ISLAND

A wing-like stainless steel or glass arch—the defining mark of the airy, Deco-inspired Milano S and Milano G island hoods—enlivens the heart of the kitchen. The stainless steel option provides a durable, minimalist touch while a glass canopy alternative lets natural light sift to the work surface below. Either way, expect uncompromised engineering—with features like high-performance blowers and touch sensitive controls—and, as always, maximum style.
