

Laundry Care

Miele Laundry Care

The perfect laundry care system for your favourite garments.

For over hundred years Miele has led the way in laundry technology. Important milestones have included the world's first washing machine with micro-processor sensors and the revolutionary Miele honeycomb drum.

With this current range of washing machines and tumble dryers, Miele is again setting new standards by combining legendary, tried and tested Miele quality with an elegant design to achieve an exceptional laundry care system for the next generation.

Miele, forever better.

Miele Forever Care	38
---------------------------	-----------

Miele Laundry Care

Since 1899, we have been proud to make products that live up to our mantra, “Immer Besser” — a German phrase that translated to English means “Forever Better.” To us, “Immer Besser” is more than just an expression; it is our commitment to continually enhance our products through design and innovation. The result is superior quality products that perform both reliably and efficiently.

Ever since its first laundry machine was built in 1900, Miele has been helping customers care for their clothes professionally at home. Made in Germany, every innovation in our machines, like our patented honeycomb drum, is engineered not only to clean clothes better, but also to make clothes last longer by reducing fabric strain and wear. Even more, all Miele washers and dryers are tested to last the equivalent of twenty years. So treat your clothes to an unsurpassed level of professional care right in your home.

Miele Laundry Care

Product Range

Miele W1000 range:

Modern look, perfected technology.

Innovative design and simplicity of operation are the distinguishing features of this range. The distinctive front panel design follows the flow of the convex front panel. The controls are clearly structured and visible.

Models in this range are ideally suited for side-by-side installation as well as for stacking towers. They can also be slotted under a worktop.

The W3000 range:

Classic convenience

Do you prefer the classic Miele design? Or do you already own a tumble dryer from this range and wish to complement it with another appliance? Then this range is perfect for you! They are suitable for stacking, side-by-side and, for models with straight control panels, also for building under a worktop. They are available in white or stainless steel.

Washing Machines and Tumble Dryers

Controls

The best Miele for you

Miele washing machines and tumble dryers are intuitive and convenient to operate. To accommodate your individual preferences and requirements, Miele offers two control concepts, each of which has a variety of helpful functions. Your new Miele - created just for you!

Single line LCD display, program selection by rotary control dial and buttons
Clever: the most important programs and functions - all at a glance.

Three line LCD display with large lettering, large text on the control panel, program selection by push-button, back-lit program options
Clever: As easy as pushing a button

Washing Machines

Product highlights

Your clothes: cherished pieces for looking good and feeling great in – and not precious for that reason alone!

Do you love fashionable and unique clothes? If you do, then the value of a washload could be worth more than the cost of the machine itself! It pays then to give your clothing the best possible care, to help maintain its value for as long as possible: with a Miele washing machine and tumble dryer.

The patented Miele honeycomb drum

Laundry care with the unique honeycomb structure

With the unique concave honeycomb surface structure, the Miele honeycomb drum forms a fine film of water between the textiles and the drum wall, which gently cushions your laundry, giving it optimum care.

Unique drum perforations

The perforations in the Miele honeycomb drum are noticeably smaller than in standard drums; the rim of each individual hole is polished smooth, meaning far less mechanical stress for your textiles and no burling, even on the highest spin speeds.

Honeycomb drum

Standard drum

The result

The "WFK Research Institute for Cleaning Technology", Krefeld verifies the optimum laundry care with the Miele honeycomb drum.

Optimum care

Thread pulls and burling are clear signs of textile wear. The Miele honeycomb drum demonstrably inhibits such effects.

Washing Machines

Design and Convenience

AutoClean

This Miele detergent drawer is automatically rinsed out during every program with a number of powerful bursts of water, keeping the detergent compartments spotlessly clean.

Extra quiet

Using a special drum rhythm and automatic "rinse hold", the Miele washing machine is even quieter on selected programs, which you will appreciate if the washing machine is located in the living area.

Convenient loading angle

The doors of Miele laundry appliances open especially wide. The wide opening and the ergonomic loading angle make loading and unloading more comfortable, giving you a better view into the drum and saving your back.

Drum lighting

Many Miele washing machines are fitted with maintenance-free power LEDs, which perfectly illuminate the Miele honeycomb drum, so that garments are not overlooked when unloading.

Automatic load recognition

All Miele washing machines have the intelligent automatic load recognition function. It matches the required water volume exactly to the load size, using only as much water and energy as required for optimum washing and rinsing results.

Professional Balance System

All Miele washing machines are able to recognise washload distribution imbalance in the drum when spinning. The textiles, including larger items, are optimally redistributed by clever drum rotation for best spin results.

Capacity

Miele washing machines offer great capacity, allowing you to wash even your largest items such as pillows and duvets easily.

Watercontrol system (WCS)

With WCS a water level sensor controls the water inflow. If the normal water level is not reached, inflow is stopped. If water should ingress inside the appliance, the inlet valve is closed and the water pumped away into the suds container.

Washing Machines

Safety and Quality

Only from MIELE **Tested for a 20 year lifespan**
 The WFK Research Institute for Cleaning Technology e.V. Krefeld tested washing machines from 6 different manufacturers. The result: only the 3 Miele machines passed the test. In order to comply with the highest quality standards, Miele subjects its appliances to stringent and prolonged tests. Test duration for Miele washing machines totals 10,000 operating hours. This corresponds to a lifespan of 20 years. No other manufacturer tests as strenuously as Miele.

Foam regulation
 If too much detergent is dispensed, this results in excessive build-up of foam. Miele washing machines balance this out automatically in the wash, spin and/or rinse phases, guaranteeing optimum wash and rinse results every time.

Optical interface
 All Miele washing machines have an integral PC interface. In case of a fault, the Miele service engineer can communicate with your appliance via a laptop and quickly identify the source of the problem.

Emergency door release
 In case of a power cut, the door can be released for removal of your washing.

Child safety
 The door cannot be opened during a wash. The child safety lock also prevents the alteration or ending of wash programs.

Washing Machines

Textile-specific special programs

Different textiles - different requirements. The Miele special programs are a perfect match.

Normal

For a combined wash load of cottons and minimum iron items.

Colours

For the gentle care of colours fabrics.

Denim / Jeans

Protects your favourite jeans from fading and creasing.

Dark

A gentle program for dark colours items to preserve the intensity of the colours.

Handwash

Cleans and cares for delicate handwash textiles that needs particular attention.

Quick Rinse

Use too much detergent? Still have detergent suds on your clothing? Quick rinse is perfect for those situations.

Pillows

Program designed especially for pillows.

Drain/Spin

Spinning program using the maximum spin for soaked items.

Outerwear

Maintains the technical properties (e.g. breathability) and softness of outdoor clothing such as Gore-Tex, Sympatex, Windstopper jackets and trousers etc.

Washing Machines

Textile-specific special programs

Individual care for your laundry to keep it beautiful for years to come.

Custom

Customize your own wash program by adjusting water temperatures and spin speeds.

Extra White

Whites will never look brighter.

Beach Towels

For cleaning of your beach towels. Excellent rinse results, even for very thick towels.

Table Linens

For those linens that require that much more attention. A gentle, yet effective cycle that takes care of even your most delicate of table linens.

Comforters

Smooth and gentle with a sensitive drum rhythm, a special spin profile and optimum spin results.

Express

For rapid cleaning or freshening-up of lightly soiled textiles. Quick and effective due to the special "rinse wash".

Sanitize

Bacteria and dust mites are killed off by the high water levels and extended temperature holding times. So allergy sufferers can breathe easily.

Wrinkle-free

Damp, freshly washed textiles are effectively smoothed. Reduces ironing by up to 50%.

Dress Shirts

Prevents creasing of shirts and blouses and reduces ironing time.

Delicates

For the gentle care of synthetic or delicate fabrics.

Outerwear

Quick and gentle cleaning of weather resistant textiles.

Woolens

Gentle care for woolen and wool-blend garments - even if the care label says hand wash only.

Silks

Cleans and cares for delicate silks and any handwash textiles which do not contain wool.

Washing Machines

Efficiency and Sustainability

The classic Miele chrome ring

The sleek and elegant chrome ring harmonizes perfectly with the Miele housing design. It is knock, dent and scratch proof and looks as good as new even after many years.

Enamelled front

Miele is the only white goods manufacturer to enamel the front of all washing machines. The superior enamelling is scratch- and corrosion-, acid- and alkaline-resistant, easy to clean and colourfast.

The patented Miele door

The W1000 range is fitted with this innovative door. It is knock and dent proof, and can withstand the greatest of stress. It is manufactured in a two-component process which is also used for safety helmets.

Tumble Dryers

Tumble Dryers

Product Highlights

Your clothes: cherished pieces for looking good and feeling great in.
And not precious for that reason alone...

The value of a dryer load can amount to more than that of the tumble dryer itself. A good reason to maintain the value of your laundry for as long as possible. Useful special programs and intelligent functions such as PerfectDry system help to dry your laundry gently and economically.

The patented Miele honeycomb drum

Laundry care with the air-cushion effect

Your laundry floats softly on an air cushion which forms in the depressions of the sculpted honeycomb structure for a far gentler and less creased drying result, which makes ironing easier too.

Laundry care with a special lifting action

Thanks to the unique honeycomb structure, the laundry is drawn higher up the rotating drum, allowing it to hover longer in the warm air, subjecting it to less mechanical handling.

Large drum capacity

The rounded soft ribs of the Miele honeycomb drum ensure gentle laundry tumble with larger loads or large items. Miele has the right appliance to suit every need.

Better results

The independent Hohensteiner Institute confirm that Miele tumble dryers dry laundry more evenly and with fewer creases.

PerfectDry: perfectly dried laundry

The patented PerfectDry system continually measures the remaining humidity of the laundry and so ensures perfect drying: reliably, regardless of water quality.

PerfectDry recognises the conductivity of the water and customises the drying process accordingly, preventing over- or under-drying, and ensuring the desired degree of dryness every time.

Tumble Dryers

Design and convenience

Intelligent drum reversal

A Miele tumble dryer alters the direction of its drum rotation at irregular intervals, preventing tangles and ensuring even drying with fewer creases.

Only from
MIELE

Integrated condensate drain hose

All Miele condenser dryers, including the heat pump dryers, have an integrated condensate drain hose with hose stowage, allowing you to drain the water directly into the sink or into the drain, and eliminating the need to empty the condensate container.

Crease care

If you cannot remove your laundry immediately at the end of the program, crease care ensures that the textiles are gently moved at regular intervals to prevent the formation of creases.

Drum lighting

All Miele tumble dryers in this brochure are equipped with a drum light, illuminating the honeycomb drum perfectly, so that garments cannot be overlooked when unloading.

Convenient loading angle

Miele doors can be opened particularly wide. With the large loading door and the ergonomic drum loading angle, loading and unloading a Miele tumble dryer is extremely convenient. You have a better view into the drum and your back is spared.

Tumble Dryers

Textile specific special programs

Different textiles, different requirements - The Miele special programs are a perfect match.

Mixed

For a mixed load of cotton and easy care garments.

Normal

Standard program makes sure your laundry is always ready to go.

Extra Dry

To dry fabrics necessitate an extra dry program as towels.

Wrinkle free

Ensures less creasing for shirts and blouses and cuts down on ironing.

Woolens

For the gentlest care of your woolens – makes your favourite items soft and fluffy.

Fluff

Perfect even drying for pillows, whether down, feather or synthetic filling.

Delicates

For the gentle care of synthetic or delicate fabrics.

Timer 15 / 20 / 30 / 45 minutes

Cold or warm, set the time you want to dry your laundry the way you decide.

Tumble Dryers

Efficiency and Sustainability

Optical interface

All Miele tumble dryers have an integrated optical interface. In the event of a fault, the service engineer can communicate with your tumble dryer via a laptop to diagnose the cause of the fault quickly.

Empty out container indicator light

An LED signal or information in the display indicates when the condensate container needs to be emptied. (Does not apply with automatic condensate drainage)

Clear airways indicator light

The “clear airways” indicator light warns of fluff or foreign bodies in the airways. Cleaning the fluff filters and condenser unit will restore the dryer to efficient operation.

Miele Service certificate *

With exclusive Miele appliance protection we offer the option to extend the appliance guarantee to either 5 or 10 years. For a small fee, all repair costs are covered for the entire period of the guarantee – giving you ultimate peace of mind and the very best service for your valuable Miele appliances. You can arrange Miele appliance protection at any time within two years of buying your Miele appliance.

Buzzer

When the drying program is finished, a buzzer sounds, so your laundry does not have to spend longer than necessary in the drum.

Laundry Care

Accessories

Washer-dryer stacks and pedestals

Miele washing machines and tumble dryers can be combined into a stack to save space. The washing machine must always be on the bottom.

A stacking kit is required for complete stability. The table on the right will show you which one is best for your appliances. All stacking kits are finished in lotus white or stainless steel, to match Miele appliances.

The pedestals can be used both with washers and dryers.

WTV 407 and WTV 414

This stacking kit features an integrated push-pull worktop - and is designed to help you achieve a comfortable and convenient atmosphere. (WTV 407 is for model W3033 White, WTV 414 is for model W1612)

WTS 410

The WTS 410 is a pedestal for washing machine and dryers W3033 and T8000 series. The pedestal is lotus white and an integrated drawer is designed in it to permit the storage of detergents or accessories for example.

Laundry Care

CareCollection

Miele UltraWhite detergent

For the best wash results in Miele washing machines.

- Powerful formula with active oxygen – for a dazzling white wash
- Excellent stain removal even at low temperatures
- Very concentrated
- Temperature range: 20-95°C
- Contents: 2.5 kg

Miele UltraColor liquid detergent

*available in 1.8kg Powder

For the best wash results for coloured and dark textiles in Miele washing machines.

- Colour protection formula for brighter colours
- Excellent stain removal even at low temperatures
- Temperature range: 20-60°C
- Contents: 2 l

Delicates detergent

For the best wash results for woollens, silks and any delicate fabrics in Miele washing machines.

- Colour protection formula for brighter colours
- Special care complex containing wheat protein
- Fibre protection against felting
- Very concentrated
- Temperature range: 20-60°C
- Contents: 1.5 l

Fabric Softener

For the best results in Miele washing machines.

- Fresh, natural fragrance
- For softer laundry
- Contents: 2L

Fabric Protector

For the best results in Miele washing machines.

- Ideal for sportswear and rainproof clothing
- Effective proofing against moisture and dirt
- Retains the breathability of the fabric
- Contents: 250 ml

Find all the Miele laundry care product range online at www.mieleboutique.ca

Down detergent

For the best wash results in Miele washing machines.

- Ideal for pillows, sleeping bags or expensive down garments
- Retains the elasticity of the feathers
- Retains the breathability of the shell fabric
- Down retains its loft and does not become lumpy
- Contents: 250 ml

Sportswear detergent

For best wash results in Miele washing machines.

- Perfect for breathable sportswear
- Built-in odour absorption neutralises unpleasant odours
- Cleans and cares for colours
- Retains the properties of fleece
- Retains shape stability of textiles
- Contents: 250 ml

Outerwear detergent

For best wash results in Miele washing machines.

- Perfect for expensive outdoor and utility clothing
- Cleans and cares for colours
- With wool wax – like a conditioning treatment for the membrane
- Contents: 250 ml

Miele ForeverCare

Delivery, Installation, Customer Service

Miele ForeverCare

Miele ForeverCare

With Miele ForeverCare, you get a guarantee. A guarantee that our commitment to you extends far beyond the time you buy, throughout the very long life of your machine. We are confident in offering you unparalleled customer service.

Please ask your Miele Chartered Agent for more information or go to miele.ca

Miele Custom Plans.

The chart below illustrates how you can upgrade the benefits of ForeverCare.

What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

Manufacturer-Direct Service.

If you ever have a problem with your Miele machine, it's our own Miele Factory Service Technicians who take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

Extended Warranty from the Manufacturer.

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended Warranties. This direct offer from Miele allows you to increase your hassle free coverage up to ten years. The extended warranty relationship remains directly with Miele, so you can deal with us if you have any issues.

Miele Delivery.

We offer delivery to your home ourselves. We want to be with you every step of the way, and your delivery is tracked with GPS so we can provide you with a nearly exact time of delivery.

Miele Certified Installation Program

We want your machine to work perfectly from the first time you use it. So, we offer Miele Certified Installation in your home ourselves, with our fully Miele Certified Installation Team. Installation can be organized through the Miele Customer Care Centre, and when you choose Miele Certified Installation you will receive an additional year (total 2 Yr) manufacturer's warranty on the appliance and the installation.

Miele CareCollection.

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent, to dishwasher tablets and a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer hassle-free lifespan. mieleboutique.ca
