NOSTALGIC **HANDCRAFTED** QUALITY

Classic Collection

# Welcome to the Heartland Classic Kitchen

Nostalgic beauty, unrivaled craftsmanship and incredible attention to detail, superbly integrate with the ultimate in functionality. This is the Heartland Classic family of dual fuel, gas and electric ranges, refrigerators and dishwashers.

Drawing design inspiration from the legendary Oval Woodburning Cookstove first built in 1925, today's Heartland Classic Collection is for those who desire fine craftsmanship and timeless design. Lustrous nickel-plated trim, the elegant shape of the handle and curve of the nickel plated legs are vintage details that make Heartland exceptional by design.

# Classic Design. Modern Features.

At Heartland, we embrace the notion that an exquisitely designed range should also have the utmost functionality. That's why the Heartland Classic design has evolved into a true cooking center. Together, it offers a commercial-quality cooktop, state-of-the-art oven, powerful vent hood, warming drawer with humidity control, and bonus storage features - all in one amazing appliance.

Roomy and energy efficient oven offers more levels of racking than you may be able to fill. Imagine cooking an entire meal at once or only opening the oven door a single time to do all of your holiday baking.

The overhead closet opens to reveal the electronic oven controls. The easy-to-use clock/timer and touch pad allow you to program the speed of the exhaust fan, set cooking times and a host of other options.

Our spacious warming drawer, located directly below the oven, ensures a well-timed meal with the capacity to hold 18 dinner plates. It is temperature-controlled (up to 220° F) with low, medium and high settings. Warm your fresh bread, allow pizza dough to rise or keep soup piping hot. And humidity control gives you the choice between moist and crisp. Available in electric and dual fuel models only.

Reclaim your kitchen cabinet space! Two distinct storage areas can hold all possible combinations of utensils and bakeware (48" models only).

Just reach below to the tray storage compartment for convenient storage access to cookie sheets, baking pans, muffin trays, and roasting pans (48" models only).

# Dual Fuel Options

Relish in the power and precision of a gas cooktop combined with the efficiency and convenience of the roomy electric convection oven. Convection cooking lets you experience faster and more flavorful results, and our state-of-the-art system quickly and evenly cooks food.

### Heartland Classic 48" Dual Fuel Range (Model 5210)

- 6 powerful sealed high-efficiency gas burners accommodate different sized pots and easily wipe clean
  - Two burners range from a 1,000 BTU simmer to a powerful 8,400 BTUs
  - Four burners output 7,500 BTUs to as low as a 600 BTU true simmer
  - Electronic ignition
- Seamless one-piece cooktop design
- Easy clean, porcelain-coated solid cast iron grates and burner bowls
- Includes cast iron griddle plate for even heat—perfect for grilling, frying and toasting
- Spacious 4 cu. ft. electric convection oven with rapid, even heat distribution
  - 3 oven racks and 4 levels
  - Self-cleaning oven
- Top broiler with broil pan included
- Temperature-controlled warming drawer that ranges from 130° F to 220° F
  - Humidity control feature allows adjustment for “moist” or “crisp”
  - Large-capacity storage for up to eighteen 11” diameter plates (19.25”w x 5”h x 19.75”d)
- Utensil drawer and tray storage compartment
- Cook-friendly electronic timer behind decorative panel
- Integrated ventilation with quiet and efficient 350 CFM exhaust featuring high and low speed settings
- Natural gas or propane cooktop (LP kit included)

### Heartland Classic 30" Dual Fuel Range (Model 4210)

- 4 powerful sealed high-efficiency gas burners accommodate different sized pots and easily wipe clean
  - One burner ranges from a 1,000 BTU simmer to a powerful 8,400 BTUs
  - Three burners output 7,500 BTUs to as low as a 600 BTU true simmer
  - Electronic ignition
- Seamless one-piece cooktop design
- Easy clean, porcelain-coated solid cast iron grates and burner bowls
- Includes cast iron griddle plate for even heat—perfect for grilling, frying and toasting
- Spacious 4 cu. ft. electric convection oven with rapid, even heat distribution
  - 3 oven racks and 4 levels
  - Self-cleaning oven
- Top broiler with broil pan included

# Gas Options

Heartland Classic Gas Ranges use half the gas that other ranges consume and features a cooktop that goes from the highest searing heat down to a whisper of a flame for a gentle simmer without boiling or scorching. Its durable solid cast iron cooking grates handle the weight of heavy cookware, and pots glide effortlessly across the large, virtually continuous surface.

### Heartland Classic 48" Gas Range (Model 7200)

- 6 powerful sealed high-efficiency gas burners accommodate different sized pots and easily wipe clean
- Two burners range from a 1,000 BTU simmer to a powerful 8,400 BTUs
- Four burners output 7,500 BTUs to as low as a 600 BTU true simmer
- Electronic ignition
- Seamless one-piece cooktop design
- Easy clean, porcelain-coated solid cast iron grates and burner bowls
- Includes cast iron griddle plate for even heat—perfect for grilling, frying and toasting
- Roomy 3.6 cu. ft. oven is rated to 16,500 BTU and uses 50% less gas than other ranges (LP model rated to 15,500 BTU)
- 2 oven racks and 4 levels
- Handy broiler in bottom drawer (broil pan included)
- Utensil drawer and tray storage compartment
- Cook-friendly electronic timer behind decorative panel
- Quiet and efficient 350 CFM exhaust system in overhead storage cabinet
- Available in natural gas and propane (LP Kit included)

### Heartland Classic 30" Gas Range (Model 9200)

- 4 powerful sealed high-efficiency gas burners accommodate different sized pots and easily wipe clean
- One burner ranges from a 1,000 BTU simmer to a powerful 8,400 BTUs
- Three burners output 7,500 BTUs to as low as a 600 BTU true simmer
- Electronic ignition
- Seamless one-piece cooktop design
- Easy clean, porcelain-coated solid cast iron grates and burner bowls
- Includes cast iron griddle plate for even heat—perfect for grilling, frying and toasting
- Roomy 3.6 cu. ft. oven is rated to 16,500 BTU and uses 50% less gas than other ranges (LP model rated to 15,500 BTU)
- 2 oven racks and 4 levels
- Handy broiler in bottom drawer (broil pan included)
- Cook-friendly electronic timer behind decorative panel
- Quiet and efficient 350 CFM exhaust system in overhead storage cabinet
- Available in natural gas and propane (LP Kit included)

# Electric Options

Turn up your cooking performance with the durable Euro/Kera ceramic top Heartland Classic Electric Range. The cooktop boasts high-performance ribbon burners to maximize boiling performance from 2,500W down to an ideal low simmer. Even heat distribution ensures uniform cooking. And for cooks who like clean up to be as easy as the meal, the smooth surface is easy to wipe and the recessed cooking surface helps to control messy spills.

### Heartland Classic 48" Electric Range (Model 6210)

- 5 high-performance ribbon burners
  - Temperature sensor to cycle burner on and off if it overheats or is left unattended
  - Proximity heat indicators stay lit until the burners are cool enough to touch
  - A 16" bridge element features three control zones for a total of 4,400W of power and a handy warming zone
- Spacious 4 cu. ft. electric convection oven with rapid, even heat distribution
  - 3 oven racks and 4 levels
  - Self-cleaning oven
- Temperature-controlled warming drawer that ranges from 130° F to 220° F
  - Humidity control feature allows adjustment for "moist" or "crisp"
  - Large capacity storage for up to eighteen 11" diameter plates (19.25" w x 5" h x 19.75" d)
- Cook-friendly electronic timer behind decorative panel
- Utensil drawer and tray storage compartment
- Quiet and efficient 350 cfm exhaust system in overhead storage cabinet

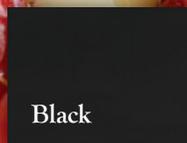

### Heartland Classic 30" Electric Range (Model 8210)

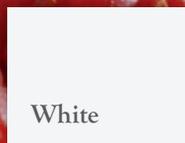

- 4 high performance ribbon burners
  - Temperature sensor to cycle burner on and off if it overheats or is left unattended
  - Proximity heat indicators stay lit until the burners are cool enough to touch
- Spacious 4 cu. ft. electric convection, oven with rapid, even heat distribution.
  - 3 oven racks and 4 levels
  - Self-cleaning oven
- Temperature controlled warming drawer that ranges from 130° F to 220° F
  - Humidity control feature allows adjustment for "moist" or "crisp"
  - Large capacity holds up to eighteen, 11" diameter plates (19.25" wide x 5" high x 19.75" deep)
- Cook-friendly electronic timer behind decorative panel
- Quiet and efficient 350 cfm exhaust system in overhead storage cabinet
