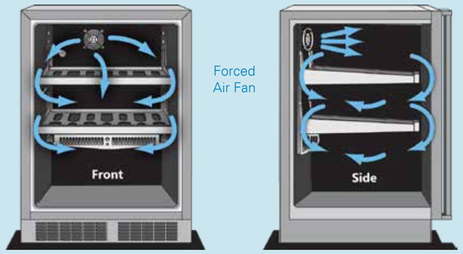
A Smarter Appliance

Intuitive touchpad LED controls are what make Marvel undercounter models more clever than the rest. The electronic interface of the exclusive Marvel Intuit™ Integrated Control is simple to operate and positioned in the top of the door for easy reach, allowing you to check the actual cabinet temperature in real-time or change settings at the touch of a finger. Enjoy other intelligent features like a vacation mode, two-stage interior light control and more.

HANDCRAFTED IN AMERICA

125 Years

Cools up to 3X Faster Than Competing Models



Dynamic Cooling Technology™ delivers rapid cool down and the industry's best temperature stability.

Designed to Adapt with the Most Versatile Capacity

We maximized our interior volume and added full-width, cantilever shelves to quickly adapt the configuration to your particular storage needs, whether tall, wide or deep. What's more, the 3-in-1 Split Convertible Shelf™ feature gives you as many as three storage options within one shelf! And, our MaxStore™ Bin offers high capacity, clear-view storage on rollout glides to keep produce easy to access and at its peak freshness.

Close Door Assist

Soft Close Integrated Hinge

Balanced Food Preservation for Healthy Choices That Last

HANDCRAFTED IN AMERICA

Optimal Freshness

Energy Efficient

Ultra-Quiet Operation

As the original refrigeration experts since 1892, we believe that balanced food preservation leads to healthier, more balanced lives. Marvel offers everything you would expect from a full-size refrigerator with smart engineering enhancements that translate to a better life. Insist on longer lasting food preservation from the trusted leader in refrigeration.

42″ and 48″ Marvel Professional Built-In Side-by-Side Refrigerator Freezers

Model #MP42SS & MP48SS

Pictured: MP48SS2NS

Performance

- Dynamic Cooling Technology™ air flow system ensures even circulation and optimal cooling environment for longer lasting food preservation
- Digital controls offer precise temperature stability within one degree
- Energy-efficient variable speed compressor chills food quickly while saving energy
- One of the quietest, technologically advanced compressors available
- Integrated ion air purifier eliminates airborne bacteria and mold spores, removes odors and enhances food preservation – and it never degrades or needs replacing
- Moisture-control evaporator removes excess humidity
- Maintenance-free anti-clog condenser coil prevents dust and other airborne particles from clogging the condenser

Refrigerator Storage Capabilities

- 15.76 cu. ft. refrigerator capacity (42″ Model) and 19.44 cu. ft. refrigerator capacity (48″ Model)
- Seamless glass shelves feature spill-proof Nano technology that contains spills and makes clean up easy
- 3/8″ thick tempered glass shelves provide industry-leading durability
- 2 moisture-adjustable drawers feature soft-close slides and high/low settings for the freshest leafy vegetables and fruits
- 4 deli drawers with soft-close slides store meats and cheeses
- 4 metal door bins provide enduring performance to securely store heavy items
- 2 dairy compartments in the door with easy-view covers
- Also features additional space for extra-large 18″ pizza box storage

Freezer Storage Capabilities

- 9.56 cu. ft. freezer capacity (42″ and 48″ Models)
- 3 adjustable wire shelves to configure storage to your needs
- 2 large-capacity wire baskets slide out for easy viewing
- 3 metal door bins easily adjust
- Adaptive defrost extends defrost periods to improve longevity of frozen food storage
- Factory-installed automatic crescent ice maker with large-capacity ice bin

Touchpad Controls

- Digital controls offer precise temperature stability within one degree
- Settings include Fast Cool, Max Refrigeration and Freezer modes, Door Open Alarm and Sabbath mode
- Audible alerts for power loss, high temperature and sensor alarm

Aesthetics

- Graduated theater lighting with bright, energy-efficient LED illumination from top and sidewalls for better visibility
- Robust hinge allows optimal door rotation and maximum durability
- Adjustable door stops at 90, 110 and 120 degrees

Additional Convenience

- 2-year full product warranty, 6-year full sealed refrigeration system warranty, 90-day full cosmetic parts and 12-year limited sealed refrigeration system warranty

36″ Counter Depth French Door Refrigerators

Pictured: AMPROFD23-SS

Performance

- Dynamic Cooling Technology™ air flow system ensures circulation and optimal cooling environment for longer lasting food preservation
- The pure filtration system circulates clean, filtered air throughout the interior to prevent odor transfer

Storage Capabilities

- 22.2 cu. ft. total storage capacity
  - 15.4 cu. ft. refrigerator capacity
  - 6.8 cu. ft. freezer capacity
- Storage Drawer with 12 Temperature Settings: Choose from 9 preset selections (like Ready to Serve, Cheese, White/Sparkling Wine, Beer, Fish/Shellfish) plus 3 customizable settings to ensure your food remains at the ideal temperature for serving and maintaining freshness
- Fully Cantilevered, Adjustable Shelves: Encapsulated glass shelves can be arranged in a variety of flexible configurations to fit wide and tall items
- Dual-level freezer organization system features 2 large-capacity baskets with removable dividers and smooth-glide roll out
- Top freezer baskets are removable to accommodate larger items
- Smooth-glide crisper drawers feature adjustable humidity control to preserve even the most delicate fruits and vegetables longer

Touchpad Controls

- Customized temperature controls allow you to adjust the refrigerator and freezer temperatures independently
- Audible alerts for power loss, high temperature and door ajar

Aesthetics

- Soft, transitional LED lighting gradually illuminates the interior with ample light as you open the door — perfect for night-time trips to the refrigerator
- Select models are available in multiple finishes to match AGA kitchen suites

Additional Convenience

- 1-year full product warranty, 2 to 5-year full sealed refrigeration system warranty

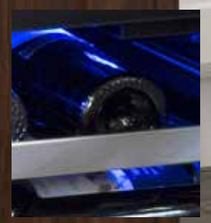
Soft-Close Integrated Hinge

Stainless Steel Shelf Fronts



New Tri-Color Lighting

You can feel the craftsmanship in fully extendable, smooth ball-bearing roller glides, sturdy stainless steel door handles and soft-close integrated door hinge system. It's calibrated into the state-of-the-art Marvel Intuit™ integrated controls and evident in the strong, enduring mechanics.

You can see the impeccable fit and lustrous finish that merges seamlessly with cabinetry, as if both were inspired from one like design. And you can taste the difference in the way Marvel preserves the pure, perfectly chilled flavor of food, wine and beverages.

This is the Marvel Professional difference.

24″ Marvel Professional Dual Zone Wine and Beverage Center

Model # MP24WB

TRI-COLOR LIGHTING

Sapphire Blue | Amber Glow | Arctic White

HANDCRAFTED IN AMERICA

Performance

- Two independently controlled temperature zones offer dual options for wine and beverage storage
- Upper zone environment is ideal for wine storage (45° F to 60° F) and the lower zone is designed for beverages and perishables (34° F to 42° F)
- Dynamic Cooling Technology™ delivers rapid cool down, frost-free operation and the industry's best temperature stability
- Vibration Neutralization System™ protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum food preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light, while conserving energy
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 5.1 total cu. ft.
  - 1.85 cu. ft upper zone stores 7 bottles on (1) smooth-glide display wine rack with heavy-gauge wire cradles
  - 3.27 cu ft. lower zone can hold (112) 12-oz cans, (64) longneck bottles or (2) upright 2-liter bottles
- Tall-item storage: lower zone features cantilevered shelving that allows for high-clearance vertical items
- Lower shelf glides out for easy access and features 3-in-1 Convertible Shelf™ with removable glass pane for 4-bottle wine rack option
- Access contents easily with full-extension, glide-out shelving on the Smooth Glide™ ball bearing system
- Cantilevered shelving system adjusts height to your storage needs

Touchpad Controls

- Multifunction Marvel Intuit™ Integrated Controls feature convenient settings for the ultimate programmability and allow you to select a precise temperature for each zone
- Vacation mode conserves energy during times when unit is not in use

Aesthetics

- Soft-close integrated hinge provides a seamless zero clearance installation and a smooth gentle close
- At the touch of a button, change the interior light color to sapphire blue, amber glow, or arctic white
- Two-stage theater-style lighting offers full or half illumination
- Elegant midnight black interior
- Professional styling: stainless-steel-framed glass door, sturdy full-length handle, sleek stainless steel shelf fronts and stainless steel toe kick adjustable to 4″ with leveling legs
- Finish options: stainless steel or overlay (panel ready)

Additional Convenience

- Close Door Assist System™ gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Door lock provides added safety and security
- 3-year parts and labor warranty, 5-year sealed system parts warranty

Lower shelf converts to wine storage and glides out for easy access.

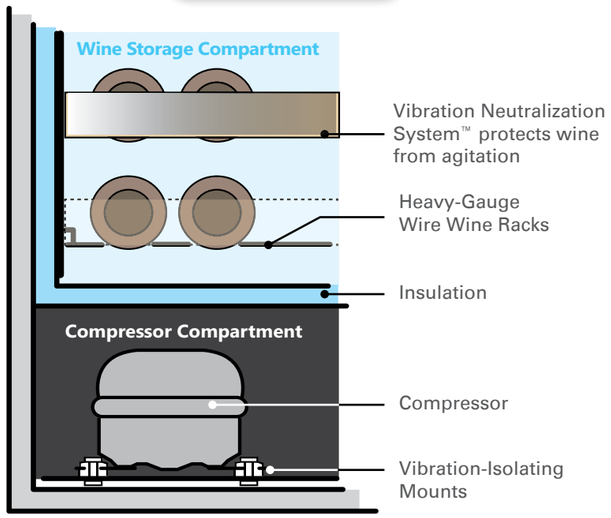
24″ Marvel Professional High-Efficiency Dual Zone Wine Refrigerator

Model # MP24WD

Engineered to target the 5 critical principles of proper wine storage

- **True Dual Zone**
- **Independent Temperature Control**
- **Neutralizes Vibrations**
- **Protects Against Light**
- **Properly Canted to Keep Corks Moist**



Performance

- Dynamic Cooling Technology™ delivers the industry's best temperature stability and rapid cool down, safely bringing wine to temperature without compromising integrity
- Two independently monitored zones store your wine collection at separate temperatures
- Vibration Neutralization System™ protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light, while conserving energy
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 4.9 cu. ft. capacity, stores 40 bottles of wine total
  - Upper zone includes (3) 8-bottle smooth-glide full wine racks
  - Lower zone includes (1) 8-bottle smooth-glide full wine rack and (2) 4-bottle smooth-glide half-depth wine racks
- Heavy-gauge wire wine racks are shaped to safely cradle each wine bottle
- Full-extension Smooth Glide™ ball bearing shelf system prevents jarring

Touchpad Controls

- Multifunction Marvel Intuit™ Integrated Controls allow you to select a precise cabinet temperature from 45° F to 55° F in the lower zone and 55° F to 62° F in the upper zone
- Vacation mode conserves energy during times when unit is not in use

Aesthetics

- Soft-close integrated hinge provides a seamless zero clearance installation and a smooth gentle close
- At the touch of a button, change the interior light color to sapphire blue, amber glow, or arctic white

MARVEL PROFESSIONAL

Impeccably clear ice for the connoisseur

MARVEL PROFESSIONAL CLEAR ICE MACHINE WITH

Tri-Color Illuminice™

The quietest ice machine

Never to be outdone, we improved sound suppression and buffered operating noise to make Marvel Clear Ice Machines quieter than most dishwashers.

Unrivaled clarity and quality

Our fractional freezing process removes dissolved solids for pure, clear ice that won't impart flavor to your drinks. Other "clear ice" brands reuse residual water with high impurity content.

The optimal shape for faster, longer cooling

Engineered to the perfect size, shape and density for immediate cooling and slower melt, while taking up less space in your glass.

25%
ENERGY
SAVINGS

Energy-saving options

New Eco Ice™ and Vacation/Delay Start modes conserve up to 25% water and electricity.

Produces up to 39 lbs a day

That's the equivalent of nearly eight convenience-store bags of ice daily!

15″ Marvel Professional Clear Ice Machine with Tri-Color Illuminice™

Model # MP15CP

Shown with the Marvel Professional Single Zone Wine Refrigerator (page 33).

Note: Ice scoop holder design changed. Please ask for details.

HANDCRAFTED IN AMERICA

TRI-COLOR LIGHTING

Sapphire Blue Amber Glow Arctic White

Performance

- The quietest ice machine you can buy
- New energy-saving options conserve water and energy
- Engineered to consistently produce pure, clear ice with unrivaled clarity, immediate cooling and slower melt
- Its uniform size and compact density prove to be the optimal shape to provide faster cooling, while taking up less space in your glass
- Produces up to 39 pounds of clear ice daily, the equivalent of nearly eight convenience-store bags of ice
- Streamlined componentry and single-connection water fitting for simple installation

Storage Capabilities

- Large-capacity bin stores 35 pounds of clear ice, while preserving quality and assuring fresh ice production
- Ice scoop holder included
- Easy-to-clean, hygienic interior surface

Touchpad Controls

- Marvel Intuit™ Integrated Controls feature all-new settings for ultimate programmability
- Eco Ice™ mode moderates ice production to conservative usage, saving 25% water (91 gallons monthly) and 25% energy ($45 annually)**
- Delay Start/Vacation option automatically postpones operation by 1/4/6/8 (hour or day) intervals, preventing wasteful water and energy use
- Audible alerts and programmed cleaning reminders

Aesthetics

- New Illuminice™ feature projects waterproof LED light through clear ice for a dazzling illumination effect
- At the touch of a button, change the interior light color to sapphire blue, amber glow, or arctic white
- Two-stage theater-style lighting offers full or half illumination
- Midnight black interior and the first-ever glass door option add drama to the ice presentation, perfect for entertaining
- Soft-close integrated hinge provides a seamless zero clearance installation and a smooth, gentle close
- Finish options: stainless steel (solid or glass door) or overlay (panel ready)*

LIVE MARVELOUSLY TIP

Ice to a cocktail is what flame is to food – use it wisely, and the results can be phenomenal, use it incorrectly and you can completely alter a drink's taste. Expert bartenders insist that ice is the most important ingredient in making a great cocktail and choosing the right kind can make or break your drink. The purer the ice, the better a drink will taste as the ice melts. And, clarity is the best indicator for purity, as is the case with the Marvel Professional Clear Ice Machine, considered the clearest, most pure ice available for residential use.

Additional Convenience

- Includes factory installed drain pump
- Close Door Assist System™ prevents energy loss by automatically drawing door to a gentle close
- Stainless steel toe kick adjustable to 4″ with leveling legs
- 3-year parts and labor warranty, 5-year sealed system parts warranty

Proper Ice Machine Care

Each model is programmed with manufacturer-recommended cleaning reminders. To ensure maximum performance and ice quality, clean your ice machine once every 6 months or more depending on use and water quality. For Marvel-approved cleaning accessories, see Accessories.

Marvel Protects Your Wine Collection Better Than the Rest, 2x More Efficiently

The Ideal Environment
Just like any living thing, environmental conditions play a critical role in wine development and maturation process, and Marvel Wine Refrigerators are engineered to provide the optimal environment for your special vintages.

Defends Against Light Damage
Light can affect the tannins in the wine, degrading the color and nose of your wine. The dual-pane, tinted, UV-resistant glass door on a Marvel Wine Refrigerator protects wine from light while artfully showcasing your bottles.

Neutralizes Vibrations
Wine does not like to be disturbed, as movement disrupts the sediment and unnaturally accelerates the aging process. Marvel Wine Refrigerators have a triple-layer Vibration Neutralization System (VNS) to protect your wine from damaging movement and heavy-gauge wire wine racks to safely cradle each wine bottle.

Here's the Science
Wine is a fragile and complex composition, and any physical and chemical changes in environment, particularly temperature, can greatly impact the delicate balance of ongoing chemical reactions that occur as oxygen enters the cork. And, the rate of the average chemical reaction increases with temperature. For example, a vintage wine that would normally require 10 years of careful aging may quickly become past its prime in months when stored too warm.

Marvel Wine Refrigerators ensure precise and accurate temperature stability, allowing your collection to gracefully come to full maturation, an attribute others can't deliver.

Access Wine Preservation Guides on the Marvel Blog
Visit marvelrefrigeration.com/blog for proper wine storage techniques, serving temperature charts by wine type and other tips.

Performance

- Two independently-controlled temperature compartments offer dual options for storing and serving: the top between 55° F and 62° F and the bottom between 45° F and 55° F
- Up to 2x more efficient than leading competitors
- Dynamic Cooling Technology™ delivers the industry's best temperature stability and rapid cool down, safely bringing wine to temperature without compromising integrity
- Vibration Neutralization System™ protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum wine preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 4.9 cu. ft. capacity, stores 40 bottles of wine: upper zone includes (3) 8-bottle roller-glide wine racks and lower zone includes (1) 8-bottle roller-glide wine rack and (2) 4-bottle half-depth roller-glide wine racks
- Heavy-gauge wire wine racks safely cradle each wine bottle

Touchpad Controls

- Multifunction Marvel Intuit™ Integrated Controls allow you to select a precise cabinet temperature for dual zones

Aesthetics

- Two-stage, white theater LED lighting and midnight black interior and natural maple shelf fronts, stainable to match cabinetry
- Easy-to-install panel overlay option features soft-close integrated hinge for a truly flush fit with cabinetry
- Finish options: stainless steel, black or overlay (panel ready)

Additional Convenience

- Close Door Assist System™ gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Black toe kick adjustable up to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

MARVEL CLEAR ICE MACHINE WITH *Arctic White Illuminice™*

15" Marvel Clear Ice Machine with Arctic White Illuminice™

Model # ML15CL & ML15CP

Performance

- The quietest ice machine you can buy
- New energy-saving options conserve water and energy
- Engineered to consistently produce pure, clear ice with unrivaled clarity, immediate cooling and slower melt
- Its uniform size and compact density prove to be the optimal shape to provide faster cooling, while taking up less space in your glass
- Produces up to 39 pounds of clear ice daily, the equivalent of nearly eight convenience-store bags of ice
- Streamlined componentry and single-connection water fitting for simple installation

Storage Capabilities

- Large-capacity bin stores 35 pounds of clear ice, while preserving quality and assuring fresh ice production
- Sleek scoop design is positioned for easy reach
- Easy-to-clean, hygienic interior surface

Touchpad Controls

- Marvel Intuit™ Integrated Controls feature all-new settings for ultimate programmability
- Eco Ice™ mode moderates ice production to conservative usage, saving 25% water (91 gallons monthly) and 25% energy ($45 annually)**
- Delay Start/Vacation option automatically postpones operation by 1/4/6/8 (hour or day) intervals, preventing wasteful water use
- Audible alerts and programmed cleaning reminders

Aesthetics

- New Illuminice™ feature projects arctic white LED light through clear ice for a dazzling illumination effect
- First-ever glass door model with white interior adds drama to entertaining at home
- Easy-to-install panel-ready option includes soft-close integrated hinge
- Finish options: stainless steel, black or overlay panel

Additional Convenience

- Close Door Assist System™ prevents energy loss by automatically drawing door to a gentle close
- Black toe kick adjustable to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty (see owner's guide for details)

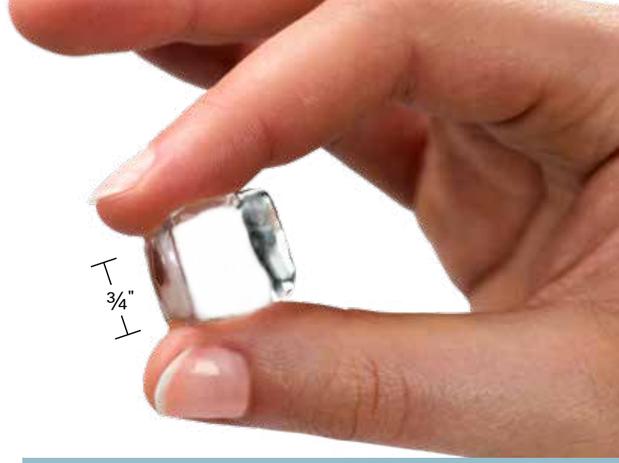
**Based on national average of $0.12 kWh at 100% operation
Note: Ice production rate optimal when ambient air and water temperature is at or below 72° F.



LIVE MARVELOUSLY TIP

Much like a fine chocolatier slowly tempers chocolate to a solid state for the best quality and flavor, Marvel Clear Ice employs a fractional freezing process to create high-density, slow-melting ice with the ultimate clarity and purity. As water runs over the cold plate, pure water freezes first. Dissolved solids are carried away into the water reservoir, giving you crystal-clear ice that cools your drinks without affecting the flavor.

Proper Ice Machine Care

Each model is programmed with manufacturer-recommended cleaning reminders. To ensure maximum performance and ice quality, clean your ice machine once every 6 months or more depending on use and water quality. For Marvel-approved cleaning products, see Accessories.

Convenient access to large-capacity cold storage

Finish

Stainless Steel

24” Marvel Outdoor Mobile & Built-In Beer Dispensers

Model # MO24BS & MO24BT

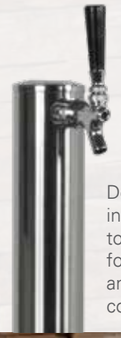
No other beer dispenser compares to the storage versatility of Marvel

Half Barrel or Slim Quarter

Full Beverage Storage

Two Sixth Barrels or Cornelius Kegs

Tall Quarter Barrel or Pony Keg with Beverage Storage



Double-insulated tower reduces foam on pour and prevents condensation

Easy-to-clean integrated drain system keeps spillage under control

C US Certified for Outdoor Use

ENERGY STAR

HANDCRAFTED IN AMERICA

Performance

- CSA certified for outdoor use to withstand elements like rain, corrosion, high humidity and heat
- Tested to perform in temperatures as high as 115° F
- Dynamic Cooling Technology™ delivers the industry’s best temperature stability and rapid cool down, tested and proven to cool nearly 2x faster than competitors
- Thermal-efficient insulated cabinet ensures optimum energy efficiency and cooling performance
- Easy-to-clean integrated drain system keeps spillage under control
- Double-insulated tower reduces foam on pour and prevents condensation

Storage Capabilities

- 5.7 cu. ft. capacity
- The only beer dispenser that can store half barrel, quarter barrel (pony keg), sixth barrels or Cornelius kegs, slim quarters, growlers, bottles or cans
- Lo-Boy coupler makes it easier to store, tap and swap out tall U.S. type D half barrels
- (2) exclusive stow-on-board shelves convert unit to an all-refrigerator capable of storing perishables
- Secure CO_2 tank storage area and drain basin
- Includes tower, drain pan, 5 lb. CO_2 tank, hoses, connectors and floor shield
- Anti-scuff interior floor shield and stainless steel threshold protects cabinet from wear and tear from loading and unloading kegs
- Rear port for external CO_2 tank option

Temperature Controls

- Marvel Prime™ controls for precise, frost-free temperature management between 34° to 46° F
- Audible alarms for door ajar and high/low temperature ensure your contents stay at optimal temperature

Aesthetics

- Corrosion-resistant stainless steel exterior, sturdy pro-style handle and rugged stainless steel toe kick
- Finish: stainless steel

Additional Convenience

- Door lock provides added safety and security
- Stainless steel toe kick adjustable to 4” with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

15″ Marvel Outdoor Crescent Ice Machine

Model # 25OiM

C US
Certified for Outdoor Use

HANDCRAFTED IN AMERICA

Finish

Stainless Steel

Performance

- CSA certified for outdoor use to withstand elements like rain, corrosion, high humidity and heat
- Tested to perform in temperatures as high as 115° F
- Thermal-efficient insulated cabinet ensures optimum energy efficiency and cooling performance

Storage Capabilities

- Stores 15 lbs of crescent ice
- Removable ice bucket for easy serving and cleaning

Aesthetics

- Corrosion-resistant stainless steel exterior, sturdy pro-style handle and rugged stainless steel toe kick
- Finish: stainless steel

Additional Convenience

- No drain required
- Close Door Assist System™ gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Stainless steel toe kick adjustable to 4″ with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

Ordering Options

Solid Stainless Steel Door, Right Hinge, Stainless Professional Handle	25OiM-SS-F-R
Solid Stainless Steel Door, Left Hinge, Stainless Professional Handle	25OiM-SS-F-L

Performance

- CSA certified for outdoor use to withstand elements like rain, corrosion, high humidity and heat
- Tested to perform in temperatures as high as 115° F
- Produces up to 34 lbs. of clear, pure ice in 24 hours
- Stainless steel ice cutter for consistent 3/4″ cube size and shape
- Sound-buffering ice deflector greatly reduces cube impact noise
- Thermal-efficient insulated cabinet ensures optimum energy efficiency and cooling performance

Storage Capabilities

- Stores 30 lbs of clear ice
- Ice scoop included

Controls

- Equipped with cleaning mode

Aesthetics

- High-efficiency, low-maintenance condenser system designed for built-in zero clearance installations
- Corrosion-resistant stainless steel exterior, sturdy pro-style handle and rugged stainless steel toe kick adjustable to 4″
- Finish: stainless steel

Additional Convenience

- Close Door Assist System™ gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Includes 20′ non-kink drain hose and clamp
- Available with or without factory-installed drain pump
- Stainless steel toe kick adjustable to 4″ with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

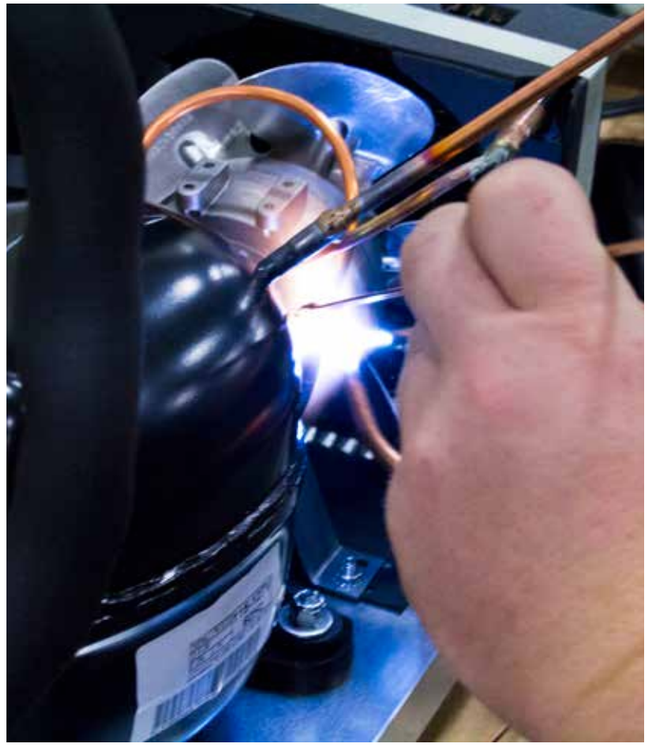
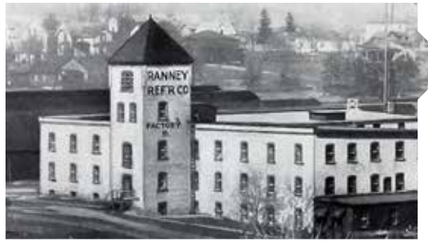
125 Years

When you choose Marvel, you're choosing over 125 years of handcrafted quality and leading innovation in the luxury refrigeration business. You're choosing American products, and most importantly, you're choosing the best undercounter refrigeration technology available on the market.

Expert technicians proudly build every Marvel model in the beautiful state of Michigan. Our new design was fueled by insights given to us by real homeowners and leading designers that use the product to ensure we deliver the styling and functionality that you want for your home. Our quality standards are what drive the performance the industry has come to expect from Marvel.

Marvel Refrigeration is committed to building a quality product in an environmentally friendly manner. Our processes are tightly controlled and closely monitored. We have achieved certifications in ISO 9001 for quality assurance, ISO 14001 for environmental management, and OHSAS 18001 for occupational health and safety from Lloyd's Register Quality Assurance.





Marvel Refrigeration (formerly Ranney) begins ice box production in Greenville, MI.

1890s

1932

Marvel was founded when the company began making undercounter ice boxes.

Marvel develops the first foamed in place refrigerator to improve operating efficiency and energy conservation.

1952

Marvel introduces premium undercounter wine storage and beverage center.

1965

1991

Marvel introduces the first stainless steel interior and glass door built-in refrigerator for residential use.

Marvel introduces first black interior for wine refrigerators and beverage centers.

2001

Marvel unveils the industry's largest leading line of ENERGY STAR® certified undercounter products.

2014

Marvel wins multiple design awards for its beer dispenser, beverage center and gallery wine cellar.

2015

See other key moments in refrigeration history with our complete interactive timeline at marvelrefrigeration.com.

2016

Middleby acquires AGA Marvel, and Marvel releases its next generation of full size built-in refrigeration.
