CONTAINS:

<u>QTY</u>	<u>DESCRIPTION</u>	<u>QTY</u>	<u>DESCRIPTION</u>
1	Kickplate, Filler RH	6'	Foam, Dbl Coated Acrylic 3M4932
1	Kickplate, Filler LH	1	Panel, Extension 18"
1	Kickplate, Stainless	1	Instructions

INSTALLATION PROCEDURE (Refer to Figure 1):

1. Determine door swing of unit (the filler panels will be positioned on the handle side of unit).
2. Remove backing paper from the double stick tape.
3. Position kickplate filler panel even with bottom of icemaker and flush with lower cabinet face, then use even pressure to adhere kickplate filler panel to side of unit.
4. Position extension panel even with the top of icemaker and flush with upper cabinet face, then use even pressure to adhere extension panel to side of unit.
5. Install kickplate/grille.
