Key Features & Benefits

Sensor Cycle

Automatically get the right wash and dry settings for each load with two sensors that measure temperature, soil level and load size during prewash and the wash cycle.

1-Hour Wash Cycle

Clean the dishes you need fast with a cycle that thoroughly takes care of plates, pans and glasses in just an hour.**

Cycle Memory

Quickly start your dishwasher with one button. It automatically remembers the last cycle you picked so it's stored and ready to go.

*Per IEC standards. **Compared to Normal cycle with lightly soiled loads. NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
