Stainless knobs

## FEATURES & BENEFITS

Prepare more at the same time with **five radiant cooking elements** that deliver rapid, consistent heat.

Evenly heat large cookware like griddles or dutch ovens by controlling **two 7" synchronized elements** with just the touch of a button.

Take your design to the next level with **white LED backlit knob lighting with beveled edge black glass surface.**

Tailor your burner size to your cookware with a **12 9/16" burner** with Power Boil.

When you're updating your kitchen, attention to detail is a priority. That's why Café cooktops are guaranteed for an exact fit or Café Appliances will pay up to \$100 toward modifications.

Tailor your burner size to your cookware with an **9 7/8" element** that's powerful enough to boil water quickly.

Serve every dish at the perfect temperature thanks to a **keep warm setting** on a fully-functional 6" element.

Melt butter without browning it using the **melt setting.**

Prevent unintended burner activation with **control lock capability.**

Keep your kitchen accident-free with a **hot surface indicator light** that shows you with a glance when elements are too hot to touch.

## WARRANTY

Parts warranty	Limited 1-year entire appliance
Labor warranty	Limited 1-year entire appliance
Warranty notes	See written warranty for full details

## DIMENSIONS AND INSTALLATION

**Important:** Requires a 5" free area between the bottom of the cooktop to any combustible material, i.e., shelving. Free area not required when installing wall oven underneath cooktop. Refer to installation instructions. Requires a 15" minimum from cooktop to adjacent overhead cabinets. Units are furnished with a 48" flexible armored cable.

**Note:** 36" Ribbon cooktops are approved for use over select Café 30" Single Wall Ovens and Warming Drawers. Refer to cooktop and wall oven/warming drawer installation instructions packed with product for current dimensional data. If installed with a Telescopic Downdraft System, consult both the cooktop and downdraft installation instructions packed with product before installing. Cooktop gas/electric supply may need to be re-routed to install downdraft. The cooktop cutout requires 23-1/2" minimum flat countertop surface and 25" minimum total countertop depth. In addition, other clearances to front edge of the countertop must be considered.

**Before installing, consult installation instructions packed with product for current dimensional data.**

Voltage (60HZ AC)	240V	208V
Connected load (max.)	10.8Kw	8.1Kw
Current draw (max.)	45.0 Amps	39.0 Amps
Recommended circuit breaker*	50 Amps	40 Amps

**Note:** Check local codes for required breaker size.

### Installation above a wall oven

### Approximate Cooking Dimensions

To insure accuracy, it is best to make a template when cutting the opening in the counter
