

NEW

Designer Series Refrigeration

STUNNING INSIDE AND OUT

Preserving the completely customizable, seamless design of the exterior, new Designer Series Refrigeration now features a host of sophisticated performance and aesthetic enhancements inside.

NEW SPLIT CLIMATE™ INTELLIGENT COOLING SYSTEM

Split Climate™ intelligent cooling system revolutionizes Sub-Zero's already-superior preservation capabilities, keeping food even fresher for longer thanks to a variable-speed compressor and two fans that consistently optimize the refrigerator temperature within 1 degree of set point

NEW CLEARSIGHT™ LED LIGHTING

Even when brimming with food, ClearSight™ LED lighting scheme fully illuminates the interior and reduces shadows, adding light where it's needed most—overhead, under each shelf, and in each crisper drawer

NEW STAINLESS ACCENTS

Sleek stainless accents trim the interior, matching the sophistication of the exterior

NEW TOUCH CONTROL PANEL

Easily customize settings—from lighting to humidity—with the tap of a finger via the conveniently accessible touch control panel

NEW NIGHT MODE

Night Mode optimizes the interior lighting based on the detected ambient light, reducing the brightness by 90% in dim environments

NEW FLIP-UP DAIRY COMPARTMENT

Lift the base of the flip-up dairy compartment to store taller items on the shelf below

ADJUSTABLE DOOR SHELVES

Position adjustable door shelves at various heights to accommodate assorted items

NANO-COATED GLASS

Nano coating lines the perimeter of each glass shelf to create a hydrophobic barrier that helps contain spills

AIR PURIFICATION

The easily accessible NASA-inspired air purification system scrubs the air of ethylene and odor every 20 minutes

MAGNETIC DOOR SEAL

Locks in cold air to ensure freshness and reduce energy consumption with magnetic door seal
